Vacaville Adventist Water District Consumer Confidence Report

The Vacaville Adventist Church maintains its own private water district subject to regulations of county, state, and federal water standards and testing. The 2015 Consumer Confidence Report as filed with the state is posted on the lobby bulletin board. The District was compliant with standards of county, state, and federal regulations for water quality except Nitrate as N, measuring 2.7 ppm with a Maximum Contaminant Level (MCL) of 1 ppm, a slight dip of .2 ppm from 2014. Health risk as declared by the state is for Infants below the age of six months, who “may quickly become seriously ill and, if untreated, may die. Symptoms include shortness of breath and blueness of skin.” Please note that this violation is neither preventable or treatable. Therefore, notices are posted at water consumption sites. This is hazardous ONLY to infants below the age of six months. Please do not use our water for formula, or give your infant punch made on the premises. **Bottled water is available for your infant to drink** [located in kitchen refrigerator]. Questions, contact Loyd Henderson, pastor [209/712-5881 or only1L@comcast.net].
